EXPERIENCE

Senior User Experience Designer | FPL | Contract | 06 - 09/2025

- Owned greenfield AI-assisted nuclear scheduling product; pioneered generative (Figma Make) prototyping that cut iteration from weeks to hours and shipped interfaces that reduced operator cognitive load in safety-critical, highly regulated environments.

Senior Interaction Designer | Mercator Digital | Contract | 02 - 09/2024

- Original designer for AI-driven cyber decision-support platform; shipped 0→1 agentic recommendation engine that translated complex risk data into prioritized, plain-language actions for Fortune 100 CISOs.

Lead Product Designer | Enterprise | Cision | 09/2022 - 09/2023

- Led AI/ML lab and shipped agentic features; designed and launched Connectively — a 0→1 conversational community platform with AI-driven content summarization and expert-matching workflows.

Lead Product Designer | Enterprise | SmartRecruiters | 04/2021 - 11/2021

- Led design for new 0→1 enterprise product suite, mentored team, and partnered with leadership to embed design-led processes that accelerated delivery and innovation.

Senior Interaction Designer | Valassis Digital | 02/2019 – 04/2021

- Led design strategy and scaled systems for \$2B+ digital marketing platform serving millions of users.

Senior User Experience Designer | PepsiCo | Contract | 10 – 12/2020

- Shipped global B2B e-commerce platform and authored company-wide component library.

User Experience Designer | IQVIA | Contract | 08/2018 – 02/2019

- Designed conference-launched clinical data product for global pharmaceutical sales teams.

Front-end Developer | Open Up Resources | Contract | 04 – 08/2018

- Designed and launched equity-focused ed-tech pilot; built scalable component library.

User Experience Designer | Purpose UX | Contract | 11/2017 – 08/2018

- Redesigned mobile + web workflows for pharma sales reps in emerging markets.

User Experience Designer | Spreedly | 04/2016 – 11/2017

- Designed revenue-generating payment products and architected marketing site redesign.

User Experience Engineer | Emerging Platforms | Float Left Interactive | 02 – 03/2016

- Designed and prototyped connected-TV apps for major streaming platforms.

EARLIER EXPERIENCE

Art Director & Senior Graphic Designer roles at Counselor Magazine, The WSR Group, and agencies — led award-winning publication redesigns, built early e-commerce and web platforms, created design systems/style guides, and delivered brand identities for clients in publishing, finance, and consumer goods.
